TIMELESS PEARLS

Lookbook & Price List

FRESHWATER PEARLS · STERLING SILVER · ÉCLAT · LUMIÈRE

A word of welcome

Pearls have been worn at life’s meaningful moments for generations: a wedding, a bat mitzvah, a Shabbat table, a gift between mother and daughter.

This lookbook gathers every design in our current collection, with full prices, so you can browse at your leisure and share it with those you serve.

Each piece is an exclusive design, custom made for us by skilled craftsmen and silversmiths. Our pearls are hand-selected freshwater cultured pearls, set in sterling silver or 18k gold-plated sterling silver.

If you would like to see a piece, ask a question, or arrange an order for your community, we are glad to help personally. Our details are at the back of this book.

What our jewelry is made of

Freshwater pearls

Hand-selected cultured freshwater pearls with a bright lustre. Our Estelle, Solar and Tri-Star designs use AAAA, our top grade.

Natural colours

White, champagne rose, silver grey and Tahitian grey. Our grey pearls are freshwater pearls in a Tahitian-grey tone.

Precious metals

Sterling silver throughout. Gold pieces are 18k gold-plated sterling silver.

ÉCLAT

Our signature name for the premium cubic zirconia gemstones that accent many designs.

LUMIÈRE

Our moissanite collection: a lab-grown gem with exceptional brilliance and hardness.

Exclusive designs

Every piece is made for us by skilled craftsmen and silversmiths, and is not sold under other names.
